Dear Diane Cline,

The Film Advisory Board, Review Committee, is pleased to announce YOGALAND! THE AUSTRALIAN ADVENTURE has been honored with our Award of Excellence tribute.

Inspiring! Envisioning exotic places with majestic terrains and astonishing creatures and incorporating these visions into forms of yoga exercise, for children, are enormously captivating. "Yogaland! The Australian Adventure" is illuminating in the portrayal of geography and creatures who share our magnificent planet. The tranquil setting with soothing music and sounds of flowing water add the perfect balance to this wonderful yoga experience. In the virtual journey through picturesque sites encountering indigenous animals as kangaroos, koalas, wallabies and wombats, and other species as birds, lizards, frogs, scorpions, dingoes, marine life and nature, depicting their uniqueness in yoga poses is fascinating. These "Yoga Moments" stimulate a child's imagination and encourages them to maintain interest in their expressions, while enhancing their physical well being, is great fun. What makes "Yogaland! Australian Adventure" extraordinary, is the wealth of information it holds on many levels. It helps a child solve a problem, such as, ways to scale a mountain, via yoga exercise, and offers "you can do it" confidence. Adding graphics to this mystical yoga journey puts it into the realm of entertainment. Very Nice. And yes "We love to exercise" no matter our age.

"'Yogaland! The Australian Adventure' is wonderful. Children will enjoy mimicking exotic creatures and travel terrains in imaginary ways that are exciting with yoga exercise. Families will love sharing the fun."

Thank you for giving the Film Advisory Board the opportunity to review "Yogaland! The Australian Adventure" DVD.
